

The Line

Directions

Starting at the North of The Line: Exiting the transport hubs at Stratford, follow signs for Queen Elizabeth Olympic Park, where you can start The Line beside the Olympic Park Splash Fountain, on Tessa Jowell Boulevard on the opposite side of river to London Aquatics Centre. With Potatodog kiosk on your left and the fountains to your right, proceed along the Boulevard.

Turn onto Thornton Street, in-between the Riverside East and UCL East buildings, passing the ArcelorMittal Orbit and towards the London Stadium. Before crossing the bridge into the stadium, take the left hand sloping path down towards the City Mill River path where you can continue to Stratford High Street.

Cross this main road and immediately turn right, walking for a short time along Stratford High Street until you meet the Three Mills Wall River. Pick up the river path on your left, on the opposite side from Sugar House Island (look for the wooden tower) and head towards Three Mills. Look out for The Line's red south directional signs along the route.

Starting at the South of The Line: When leaving North Greenwich station, take The O2 exit, turning left towards the InterContinental Hotel O2. Cross over the roads leading into The O2 and the hotel grounds, heading straight to the river and the Thames Path. Circumnavigate The O2 (it should be on your right) until you reach the IFS Cloud Cable Car close to North Greenwich jetty. Look out for The Line's blue north directional signs along the route.

The Uber Boat by Thames Clippers also stops at North Greenwich. After disembarking, head up the jetty to the river path. Turn right onto the Thames Path and follow it around The O2 (it should be on your left). There is then clear signage to guide you from North Greenwich station to the IFS Cloud Cable Car.

The Uber Boat by Thames Clippers also stops at North Greenwich. After disembarking, head up the jetty to the river path. Turn right onto the Thames Path and follow it around The O2

To join The Line at the Royal Docks: Take the DLR to Royal Victoria. Exit the station onto Seagull Lane and follow the road to the right. You will see the Royal Docks in front of you.

To navigate between the Royal Docks and Cody Dock: A 10-minute journey on the DLR. Direct trains run intermittently on some days between Royal Victoria and Star Lane station, on the Stratford International – Beckton DLR line.

If this route is unavailable, you can take the DLR for one stop to Canning Town, where you can get the Tower Gateway – Beckton DLR line to connect to Royal Victoria.

The Line

Directions

We do not recommend walking this part of the route. Direct trains run between Royal Victoria and Star Lane, on the Stratford international – Beckton DLR line, on weekdays between 10am and 4pm and after 7:30pm

On weekends and at peak times, when the direct route is unavailable, you can take the DLR one stop to Canning Town, where you can change onto the Tower Gateway or Beckton DLR to connect to Star Lane or Royal Victoria, depending on which direction you are walking. We recommend checking on the [TFL route planner](#) on the day of your travel.

To join The Line at Cody Dock: Take the DLR to Star Lane. Take the Stephenson Street exit and use the zebra crossing to walk down Cody Road. Take the first road on the left – South Crescent – Cody Dock is at the end.

If Cody Dock is closed: Walking North from Star Lane station, go down Cody Road and continue onto Twelvetrees Crescent. Turn left at the roundabout. On the opposite side of the next roundabout, take the footpath between the Amazon and DPD buildings which leads to the river path – turn right onto it to continue walking North.

Walking South from the river path to Star Lane Station, exit the river path at the cobbled 'semi circle' between the Amazon and DPD buildings (just beyond *DNA DL90* by Abigail Fallis). At the mini roundabout, continue straight until the second roundabout, where you can right onto Twelvetrees Crescent which leads onto Cody Road. Continue straight to the station.

Walking between Cody Dock and Three Mills – South and North directions: The River Lea meets the Limehouse Cut and Bow Creek at Twelvetrees Bridge, directly next to Bow Locks. Cross the Twelvetrees Bridge by means of the Twelvetrees Ramp (with its yellow way-marker on top) to continue along The Leaway (stone markers are laid in the ground) either South to Cody Dock or North to Three Mills.

If joining The Line from Bromley-by-Bow: Come out of the station and use the underpass to get to the other side of the A12 (the steps are immediately to your left when you exit the station). To visit Three Mills: turn right at the top of the stairs and follow the road round to Tesco's. Keeping Tesco's on your right, turn into Three Mills Lane. The House Mill is further up on the left-hand side. To visit Cody Dock: turn left at the top of the stairs and follow the A12 to Bow School. In front of Bow School, turn left and walk over Twelvetrees Bridge. The River Lea footpath continues to the right on the other side of the bridge.
